

# Genuine Parts

Truck-mixer

**SCHWING** Stetter  
**GENUINE PARTS**

RECORD BREAKING ENGINEERING

# Performance. Safety. Efficiency.

## Premium Quality: For Longer Service Life & Superior Value for Money

- Genuine Parts are designed and manufactured to our exact specifications, then tested and controlled by our Quality department - to maximise service life and minimise downtime.
- Genuine Parts maintain the original status and quality of the machine.
- Genuine Parts present excellent value for money. They are guaranteed to fit, and they last longer, providing an excellent price-performance ratio.
- Keeping your machine "original" with Genuine Parts maximises its resale value and protects your critical business asset.

## Optimum Performance: Lower Operating Costs for Greater Profitability

- Genuine Parts optimise overall machine productivity by enabling it to continue meeting performance specifications and our superior efficiency standards.
- The guaranteed fit and efficient operation of Genuine Parts is ensured by our rigorous quality assurance testing systems.
- Non-genuine parts are often untested, made with inferior materials and fit poorly as a result of poor quality standards. The increased likelihood of them being faulty presents the serious risk of damage to your machine and personal safety.

## High Availability of Genuine Parts: To Keep you Operating

- More than 40,000 different genuine parts are available for delivery via our worldwide distributor network – including for older machines.
- Search for Genuine Parts easily and find them quickly at any time with the free online spare parts catalogue for more than 30,000 SCHWING-Stetter machines.
- The high availability of parts minimises machine downtime to optimise utilisation.

## Manufacturer warranty: For Your Safety

- 12 months SCHWING-Stetter warranty
- Asset protection
- Certified quality assurance
